of Correction**

Sir:

Patentee(s) respectfully request(s) that a Certificate of Correction be issued in the subject patent, pursuant to 35 U.S.C. §254 and 37 C.F.R. §1.322, to correct the mistake(s) shown on the attached Form PTO-1050.

The requested correction at column 16, line 51 is to reinstate the term "wherein:" of the original application claim 7. It is submitted that the substituted term --comprising:-- has altered altogether the context of the recitations in the body of the claim, relative to the preamble.

Further, the change requested at column 16, line 56 is to reinstate the original recitation "the owner registration apparatus reads..." of the original application claim 7, which, moreover, is consistent with antecedent support of "the owner registration apparatus" in column 16, line 52. It is believed self-apparent that the modified recitation of "the owner registration reads information..." is grammatically and logically incorrect and essentially meaningless.

**FEB 22 2007**

Since the mistakes are Patent Office mistakes, it is believed that no fee is required.

Respectfully submitted,  
STAAS & HALSEY LLP
